A Big Deal.

Perhaps the largest business deal ever consummated here was arranged Monday evening in Roseburg, when Fred J. Blakely and his associates in the Oregon Boom and Timber Company purchased the big water and electric plants of the Roseburg Water and Light Company, at Winchester, and the Douglas Electric and Water Company, at Roseburg, together with all their appurtenances. The consideration for the Winchester plant was \$125,000, and the Roseburg plant \$50,000.—Roseburg Review.

Getting Ready to Change.

Hon. N. H. Looney, of Jefferson, recently elected superintendent of the reform school, arrived at that institution last night from his home near Jefferson, and will spend the next few days at the place familiarizing himself with the duties, before assuming charge on New Year's. Supt. H. E. Bickers, the retiring superintendent, is doing all he can to make the change as easy for all concerned as possible, and is aiding Mr. Looney in every way possible, in securing a good understanding of the intricate

and arduous work of his new duties. Mr. Bickers will go to Pendleton, where he has purchased a hotel, and his family is now there. He leaves many friends here who regret to see him leave, and especially in view of the excellent record made by him at the school during his many years of service there.

Emperor Took a Tumble.

London, Dec. 30.—The dispatches this morning confirm the report that Emperor Franz Josef was painfully injured yesterday by falling down the steps, when visiting his daughter. Little credence is given the report that he had a stroke of paralysis, and he is much improved today. He arose at the usual hour, and expects to hold an audience tomorrow.

Must Answer at Once.

London, Dec. 30.—The Central News today again maintains the accuracy of its report that Japan placed a time limit on Russia, and won't consider any reply after January 10th.

MRS. ELLERTON BOYD QUINCY.
MISS MAY ELIZABETH QUINCY.
At home
Tuesday, October sixth,
from four until six o'clock.

My dear Mr. Cheney: Will you take dinner with us very informally Monday evening? With your people not yet returned from Europe, that great house must be very lonely. I think we shall manage a little theatre party in the evening, which puts dinner at 7 o'clock. Cordially yours,
MARGARET MATTISON QUINCY.
Oct. 9.

My dear Mr. Cheney: We are running away into the country for a little taste of fall before winter fairly sets in. Will you make our last evening in town pleasant by taking dinner with us. This is so informal that no reply is necessary. Just drop in on your way up. And do plan to run down and stay with us for a few days while we are rustics. Most cordially yours,
MARGARET MATTISON QUINCY.
Oct. 14.

My dear Mr. Cheney: Mamma wishes me to write for her and ask you to stay with us over Sunday. The country is so beautiful just now, and it is very pleasant indeed. Mamma says there is no formality about our life here, and that you are to come for merely a good time. She says there will be almost no other people. Sincerely yours,
MAY ELIZABETH QUINCY.
Oct. 16.

My dear Mr. Cheney: Thank you for the roses. It seems very tame here since our little house party broke up. You left Monday and Cousin Amanda and her little boy went the next day, so we are quite alone. Mamma says we return Saturday. She asks me to tell you that I am to be allowed to try a new chafing dish recipe for Sunday night tea, and she says that she will give you a middle century test for bravery by asking you to come and partake of the results. But still I really can cook, and I shall not be at all afraid to have you come Sunday night. The roses are perfectly lovely. Very sincerely yours,
MAY ELIZABETH QUINCY.
Oct. 21.

"My dear Mr. Cheney: No, I was not really angry with you last night, after I got to thinking it over and after your note came this morning. I told mamma something of it, and she said it was not very nice of me to be away with you so long in the den, and that she felt I was a little to blame. I am not quite ready to say that, but I am not angry any more. How could I be with those great roses and the lovely little box of violets that I didn't find until the very last. Mamma says one of her men has dropped out in a stupid grown-up dinner for tonight, and she wonders if you would be good enough to come, although it will be dull for you. There is nobody under 50 except me. Most cordially yours,
MAY QUINCY.
Oct. 26.

My dear Jim: I promised I would write that, and I have, but I am sure mamma would not approve. Mamma says that she can never be grateful enough to you for helping her out at the dinner, and as a reward she is going to ask you to go with us tomorrow night to the theater and a supper after it. I am very sure I ought not to have gone into the den again, but—I hope you can go to-morrow night.
MAY.
Oct. 27.

My Dearest Jim: I know it was hard to get the chance, but wasn't it a scheme to get that carriage all alone? I don't see how mamma came to overlook me. She says I couldn't have slipped her mind if she hadn't known I was in the best of care. So it is all right, and I want the ruby rather than a sapphire, and mamma says so too. Jim, dear, I believe more and more in fate—that two people who are meant for each other will get together in spite of everything. Please come up early. Your loving,
Oct. 29.
MAY.

INCURABLE.

That is What the Books Say of Chronic Kidney Disease, But the New Fulton Compounds Have a Record of 87% of Recoveries Among Chronic Cases Incurable by All Other Medicines.

Druggists know that kidney disease that has hung on eight or ten months has become chronic and that it is then regarded by physicians as incurable and that up to the present the Fulton Compounds that nothing on their shelves would touch it. It is a proven fact that nearly nine-tenths of all cases are now curable, and druggists themselves are taking the new Compounds. One of the recoveries was Dr. Zell's himself, the pioneer druggist of 523 Pacific street, San Francisco, and he gave it to over a dozen others who recovered. Here is another interesting recovery. (We copy from the Sacramento News of November 16, 1903.)

After a serious illness of over a year Judge F. H. Allen of this city has recovered and regards himself most fortunate in successfully battling with what is generally regarded as a fatal malady, Bright's Disease of the kidneys. In speaking of his case Judge Allen said: "I believe that the treatment given me by my physician was in accordance with the best methods used in the regular practice of medicine, but it afforded me no relief. Hearing of the Fulton compounds I went to San Francisco to investigate and was soon convinced I should undergo the treatment. It was three months before I noticed a change for the better. I used the medicine faithfully for nearly a year and can now find no evidence of the disease and am as well as I can be expected to be. My appetite is good, I have gained seventeen pounds in weight and will be pleased to describe my experience to anyone who may call or write."

—Sacramento News, Nov. 16, 1903.
The editor of the News himself was the friend who told Judge Allen of the Fulton Compounds. They are the only things known that cure kidney diseases after as well as before they become chronic, which happens about the tenth month. Equally efficient in dropsy, gout, rheumatism from uric acid and bladder troubles, Fulton's Renal Compound for Bright's and Kidney Diseases, etc., St. Louis, Mo., J. J. Fulton Co., 69 Washington street, San Francisco, sole compounders. Free analyses for patients. Send for pamphlet. We are the exclusive agents for these compounds in this city.
